**VASANT VIHAR, NEW DELHI-57**

**CIRCULAR FOR CLASSES NURSERY TO XII**

**TIS/ VV/ 2025-26/020**

**April 2025**

Dear Parents,

As temperatures rise, it is essential to take necessary precautions to protect students from heat-related illnesses. The school is implementing the following measures to ensure the safety and well-being of students during hot weather:

- **Availability of Drinking Water:** Adequate drinking water will be available to all students in the school premises to keep them hydrated.
- **Water Breaks:** Teachers will provide regular water breaks during classes to encourage students to stay hydrated.
- **Head Protection:** Parents are requested to ensure that their children cover their heads with an umbrella, hat or cap when exposed to direct sunlight, especially while commuting to and from school.
- **Classroom Ventilation :** The school will ensure the proper functioning of fans in all classrooms to maintain a comfortable learning environment.
- **Reporting Health Issues:** In case of any heat-related illness, parents and teachers are advised to report the matter immediately to the nearest health facility.

We seek your cooperation in reinforcing these precautions at home as well. Your support will help us keep our children safe and healthy during extreme heat conditions.

Thank you for your attention and cooperation.

Ms. Jyotika Jakhar  
Principal
