CIRCULAR FOR CLASSES NURSERY TO XII

TIS/ VV/ 2026-27/050

July 2026

Dear Parents,

At our school, the safety and well-being of every student remains our highest priority. As children increasingly engage with digital devices for learning, communication, and recreation, it is essential that they are equipped to navigate the online world safely and responsibly.

To support this, we are sharing our Internet Safety Protocol and request your cooperation in reinforcing safe digital practices at home.

We encourage you to:

- Maintain open communication with your ward about their online activities.
- Set age-appropriate screen time limits and supervise internet usage.
- Use parental controls and privacy settings on devices and applications.
- Teach your child never to share personal information, passwords, photographs, or location details online.
- Discuss cyberbullying, online grooming, scams, and the importance of reporting any uncomfortable online interactions to a trusted adult.
- Promote respectful and responsible digital behaviour while using social media, gaming platforms, and messaging applications.
- Keep digital devices in common areas of the home, especially for younger children.

Please remind your ward that if they ever come across inappropriate content or experience anything online that makes them feel uncomfortable or unsafe, they should immediately inform a trusted adult, parent, teacher, or school counselor.

Together, through consistent guidance at school and at home, we can help our students become responsible, respectful, and safe digital citizens.

Thank you for your continued support in ensuring the safety and well-being of our students.

Dr. Jyotika Jakhar
Principal
